## Newsletter 4 - August 2016

### LAST TRANSNATIONAL MEETING

During the final phase and last partnership gathering, the focus was put on the foundation of the REMO association as well as on final development steps of the platform. The fourth project meeting took place in Graz, Austria, where the consortium assembled from the 8<sup>th</sup> until the 9<sup>th</sup> of June 2016.

### REMO PLATFORM IS LIVE

After a work intensive development phase, the [REMO platform](#) is now available online, providing all parties involved in VET mobility a user-friendly option to get informed, plan, organise and implement a VET mobility. With the implementation of the coherent ISO 9001 process descriptions, the quality of mobility is focused on and all necessary steps are made transparent for everyone involved.

### REMO NETWORK

By providing a legal structure that is able to maintain and support the objectives reached during the project duration, the REMO network

ensures a sustainable structure for long-term cooperation between the participating organisations. The founding assembly was held in Graz, including the election of the board as well as the approval of the statutes. The board will develop a plan within the next months in accordance with the statutes and promote the possibility of membership throughout the transnational region.

### GET INVOLVED IN THE REMO NETWORK & REGISTER ON THE PLATFORM!

Available via [www.remonetwork.eu](http://www.remonetwork.eu),

enabling anyone involved in VET mobility actions to register for free and organise placements for initial VET learners. The platform is waiting

for you to discover and join!
